

## MARATHON RACING COMMITTEE

February 2009

### **The Waterside Series – RACE “A”**

Newbury Canoe Club has imposed a strict limit on the numbers of boats they will accept as pre-bookings for Waterside “A”.

That limit has been reached: all paddlers have been notified: no more entries will be accepted.

No late entries will be accepted on the day.

This note is being circulated to all clubs with some plain messages for which **the Marathon Racing Committee asks for your full co-operation.**

**IF YOU ARE NOT BOOKED IN FOR RACE “A” PLEASE DO NOT GO TO GREAT BEDWYN ON THE RACE MORNING.**

**PLEASE organise your support so that you have only one back-up car at Great Bedwyn. If you have two or more cars only take one to the start.**

**If you are not directly supporting a crew, please stay away from Great Bedwyn.**

We endorse Newbury’s message on their website regarding the conduct of all paddlers and support crews. Please act with consideration and courtesy to everyone at Great Bedwyn and all along the course.

**This is an excellent series. It gives great enjoyment and competition to hundreds each year. It is important for the future of the whole Waterside Series that this message is conveyed to all paddlers.**

Members of Newbury Canoe Club have gone to great lengths to ensure the series continues.

**Please now do your part. Please don’t let them and canoeing down.**

**Please circulate this message widely within your club.**
