

Safety

www.bcu.org.uk ☎ 0115 982 1100

On behalf of the **National Water Sport Centre, British Canoe Union and Sport England**, we would like to remind you all of the basic precautions and rules that should be observed by **ALL** competitors and officials.

1. All persons on the water in canoes and motor boats **must** be able to swim at least 50 metres.
2. All craft must have integral buoyancy and be water-worthy.
3. Those on the water should be suitably dressed for the conditions prevailing at the time of the event. There may be times when this includes the wearing of buoyancy aids so please bring them with you.
4. The craft circulation rules shown in the programme should be adhered to at all times.
5. Team Leaders are responsible for ensuring that paddlers entered for events are competent to handle the prevailing conditions and can manoeuvre their craft. All paddlers must have been taught what to do in the event of capsize.
6. All competitors are advised to shower after using the Regatta Course. All cuts and abrasions should be covered with waterproof plaster. Please read the NWSC guide to water related illness, available from the Reception desk.

BCU Regatta Course Safety Instructions & Information for all Competitors and Umpires

The BCU Sprint Racing runs under BCU Sprint Racing Competition Rules & the NWSC Safety Code for canoeing.

The regatta will endeavour to provide a safe environment within the Water Safety Code although competitors and coaches are specifically reminded that persons using the lake and the adjoining river do so entirely at their own risk and are solely responsible for:

- Their own safety.
- Ensuring that their boats are safe and are prepared to the standards required by the BCU Water Safety Code and the national rules of Racing. Any boat that fails to meet the standard shall be excluded.
- Strict observance of the circulation pattern (see below) and the Water Safety Code.
- Deciding, together with their coaches, whether or not they are competent to use the lake in the prevailing weather conditions.

Clubs and competitors are also reminded that they must: -

- Only practice while safety boat on the course.
- Not practice in the race area.
- Make their own safety arrangements before and after the day's racing.
- Canoes that wish to train on the River must make their own safety arrangements. They must also ensure their boat is licensed to be on the River and follow the rules of the river.
- Ensure that all roadways and access routes are kept clear at all times and that they should not park in the Finish/Presentation Stage area. Paddlers should be especially vigilant in the boating/boathouse areas.
- Report all accidents to the Regatta Office.
- Paddlers must display the correct Lane Number.
- Paddlers must wear the correct racing vest/top.
- All paddlers must paddle to the start line **SLOWLY** down next to **Lane 1** to the Starting Line and be very careful, and clear the finish area and lake quickly and safely; you may NOT warm-down in this area.
- Results and Draws will be published inside the main building at the bottom of the stairs by NWCS reception.

Failure to comply with these rules may lead to the removal of the paddlers or club from the Event.

Points of Danger

- Great care should be taken when using the starting boats. Note that the pontoon nearest the Finish Tower is only for Umpires and Safety Boats.
- Paddlers must be aware of the potential danger of being blown by the crosswind and capsizes. Paddlers are advised to stop close to the bank.
- Paddlers must take particular care of the stake-boat mooring cables beside the start lines.
- Paddlers must take particular care while on the lake.
- Paddlers must take particular care in the finish area to avoid collisions with other canoes that have just finished, have been warming down or that are returning from the presentation area.

Warming on Course Lake:

Please ensure that none of your paddlers uses the lake at all until effective safety cover is in operation by the motorboat team. The regulations mean that no paddling is permitted without appropriate safety boats. We plan to have this in place from 08:00 hours on Saturday. On Sunday cover should commence from 30 minutes prior to the first race until the end of the last race. Please ensure that all competitors are aware of the new rule.

Speed to not the start points:

All boats to proceed slowly alongside Lane 1 going down the course and past the Start Line point. And to arrive past the line of Blue Buoys (100 metres above each start line) 5 minutes before "RACE TIME". Listen for race number to be called. Remember race time is shown on the TOD Clock. If a paddler misses its slot, may not be allowed to race.

Start:

All boats shall proceed to the start SLOWLY alongside Lane 1, down the course and past the Start Line point. There have been some changes to the BCU for the start, as follows:-

"Competitors shall be on the water at the starting area not less than five minutes prior to the specified time of their race. The starting area is defined as being the area of water within 100 metres before the starting line. Two minutes before the defined starting time the competing boats have to take the lane determined in the programme"

In essence this means be at the start in good time, do not paddle too far away, stay within reach of the blue buoys (100 metre line), and get yourself lined up behind the correct lane. Listen for your race number to be called and remember that Regatta Time is shown on the TOD Clock (on the bank next to the start hut). If a paddler misses their start slot they may not be allowed to race. THE STARTERS WILL NOT WAIT.

Boat Control:

This will continue on a random basis at all BCD National Canoe Sprint racing regattas events will, in addition, be subject to the usual weighing of the first few boats in all finals.

Warming down on Course Lake:

All paddlers may warm down by carefully turning below the Finish Line and proceed back to the start line **SLOWLY** down next to **Lane 1**.

Safety Boats:

There are safety boats on the course during racing and the first duty of the umpire and the umpire's launch is to safety of the competitor or any person in difficulty.

Cycling, Skating, Rollerblading:

Cycling, skating, rollerblading etc, is prohibited in all Regatta enclosures in the main boating areas and down the side of Lane one. Cyclists etc, must give way, **at all times and towpath code for cyclists**, to pedestrians and service vehicles of the Regatta and display hazard lights.

General Information:

Trade Stands- Duty Manager [NWSC] to collect charges and issue a VAT receipt.

Anyone found camping in tents, motor homes, caravans or vans anywhere other than the campsite WILL BE REMOVED. Note this is due to the camping licence only including the campsite and ski tow camping area.

They are in breach of the licence if they allow camping on the main centre site. Please can you pass this information to all competitions and officials.

Accidents and Emergencies:

All accidents and emergencies must be reported to a Regatta Official as soon as is practicable. The Official will summon medical support if necessary and will summon any additional support that may be required. The Official will also ensure that the Regatta Organiser / Chief Official and Main Reception Centre are aware of the incident. A written Incident Report MUST be completed by the Team Leader of the appropriate club(s) for all accidents, collisions or capsizes.

Medial Support:

The Main Reception can be contacted Reception Office ☎ 0115 982 1212, next to Boathouse/Regatta Secretary Desk or any Regatta Official radio during racing. A Duty Officer of the NWSC is on call during racing day, contactable through the Centre Reception.

During racing hours will provide medical and first aid facilities at the Main Building. Medical facilities are indented to cover emergencies only.

Towpath Code for Cyclists

The National Water Sports Centre allows cyclists to use the towpath on both sides of the regatta course when weather conditions permit and at their own risk. Cycling can be hazardous so watch out for pedestrians, service vehicles, muddy slopes etc and please be sure to follow the NWSC Code.

1. Do not ride fast and never race along this towpath
2. Take special care if dogs or other animals are present
3. Track surfaces may be uneven or wet, so watch out for holes, bumps and muddy or slippery patches
4. Ride in single file and not in more than groups of four
5. Always be prepared to stop, dismount and push your bicycle past walkers, particularly when families and young children are present
6. Your bicycle must be fitted with a bell or hooters which you should use to alert other people of your approach, particularly if approaching from behind
7. Always slow down when approaching walkers or anglers. If the path is narrow, it is safer to everyone if you dismount and wheel your cycle past
8. Cyclists etc, must give way, **at all times**, to pedestrians and service vehicles
9. Minimise path erosion by not skidding. Always keep to the path – never cycle on the verge
10. Be especially careful when returning to public roads
11. Check at access points and as you continue whether the path condition is safe and not wet and muddy
12. The towpath is not suitable for organised cycling events (e.g. sponsored rides) but permission might be granted in some cases. Consult the NWSC Office
13. Cyclists are strongly advised to wear an approved safety helmet. Other safety clothing, eg knee / elbow protectors and gloves is also recommended.
14. Follow the cycle code

You are responsible for your own safety!

BCU Regatta "Liability" Statement

Canoeing and Kayaking are assumed-risk water-contact sports. Participation in these sports carries an inherent risk of injury to competitors and damage to property. Participants should be aware of the risks involved in these sports and are responsible for their own actions and their involvement in these sports.

In all cases competitors compete entirely at their own risks.

Each of the Regatta Organisation, the Sprint Racing Executive, the British Canoe Union exclude liability for any loss or damage that may occur to competitors or property during participation in canoeing and kayaking to the fullest extent permitted by law.

All competitors must be **current** comprehensive members of the British Canoe Union expert for juniors ranked in 'Girls D' or 'Boys D' who are members of clubs with registered juniors sections.

Regatta Entries are accepted on the basis that each competitor and Parent/Guardian of a junior is aware of and has accepted the above conditions. Team Leaders are requested to ensure that all of their club competitors are aware of and accept the above statements. **Particular attention is drawn to safety requirements**, especially the need for adequate buoyancy in all boats.

Sufficient fixed buoyancy must be securely fitted to all boats they are allowed on the water. Severe penalty points (and disqualification) will be incurred by all those ignoring this requirement. This is intended to ensure the safety of all those on the water.

System for membership for Juniors of a **BCU Affiliated Club**. A junior club member need not be a full member of the BCU in order to race in Junior D & Lightning Classes. He or she must be a member of his or her club, and the number used for his or her identification will be the club's affiliation number followed by his or her own individual club number. Should he or she be promoted however, to 'C or above, he or she must then become a full member of the BCU in his or her own right.

It is the responsibility of the Team Leader to advise the Registration Officer of the full BCU Number.

Duty of Care – ADEQUATE BUOYANCY and SAFETY at NATIONAL REGATTAS

Team Leaders and paddlers are reminded that, should the weather conditions on the Course Lake prove inclement, it may become necessary to introduce the *mandatory wearing* of Buoyancy Aids/Life Jackets for some or all paddlers.

In such circumstances competitors will not be allowed to go afloat without Life Jackets/Buoyancy Aids that conform to BCU/BCMA STANDARD BA83.

Furthermore the BCU Racing Rules for Regattas require that all kayaks and canoes must have fitted with adequate buoyancy in each craft as in the BCU Racing Handbook.

Team Leaders should ensure that paddlers always bring Buoyancy Aids/Life Jackets and have the correct buoyancy fitted to their boats. Safety rules in the BCU Racing Handbook:-

“that all canoes are fitted with buoyancy, sufficient to ensure that the canoe will remain afloat and support the crew in the event of a capsize.”

“buoyancy will be checked by both systematic and random inspection at launching point. If a boat is found to have insufficient buoyancy, it will be turned back”.

“particular attention is drawn to safety requirements, especially the need for adequate buoyancy in all boats. Sufficient fixed buoyancy must be securely fitted to all boats before they are allowed on the water.”

What to do if anyone takes the swim (capsizes) and you think you may have an infection – go to your doctor and tell him/her that there may be a risk of Weil’s Disease/Leptospirosis that must be swiftly diagnosed and treated. Please report any cases of these two to the BCU Office. ☎ 0845 370 9500

EVERYONE CAN HELP & WANTED Once again it is time to appeal to the clubs for more assistance in the running of the national competitions. A few people do most of the work prior to the event, but more pairs of hands are needed on the course whilst events are in progress. Please encourage members of your club to offer their help. If you are one of the bigger clubs it would seem fair that more helpers should be forthcoming from you. Please, even if you can only do a few hours each time, that would be a very big help, because without it the programme may be curtailed. My team is always looking for new members and we’ve introduced a “Buddy” system. So come forward and offer to help – don’t complain, help to change.

GUIDELINES FOR USE OF PHOTOGRAPHIC & FILMING EQUIPMENT

Whilst the BCU recognises that publicity and pictures/ recordings of young people enjoying Paddlesport are essential to promote the sport and a healthy lifestyle, the following guidelines should be observed.

The key concerns regarding the use of images of children and young people relate to:

- The possible identification of children when a photograph is accompanied by personal information.
- The inappropriate use, adaptation or copying of images for use on child pornography or illegal website.
- The taking of inappropriate photographs or recorded images of children.

Guidelines for Photographic/ Recorded Images

- Ensure parents/ guardian/ young person have granted their consent for the taking and publication of photographic images.
- All children featured in recordings must be appropriately dressed with outer clothing garments covering torso from at least the bottom of their neck to their thighs (i.e. a minimum of vest/ shirt and shorts).
- The photograph or recording should focus on the activity rather than a particular young person and personal details, which might make the young person vulnerable, such as their exact address, should not be revealed.
- Clubs, coaches and volunteers should be allowed to use video equipment as a legitimate coaching aid and means of recording special occasions however care should be taken in the dissemination and storage of the material.
- You should not use any images of a child or young persons who is the subject of any court order or who has denied you their consent.
- Parents and spectators taking photographs/ recordings should be prepared to identify themselves if requested and state their purpose for photography/ filming.
- Any instances of the use if inappropriate images should be reported to the Club, BCU or the Police.

Guidelines for Publishing Photographic/ Recorded Images

- If a photograph is used, avoid naming the child by using their first name only. Personal details of children such as an email address, home address and telephone numbers should never be revealed on a website or in print.
- Think about the level of consideration that you give to the use of images in all publications, for example the process used in choosing photographs for a publicity brochure for the club. Apply an increased level of consideration to the images of children used on websites.

Welcome to the Mini Sprint Races 2010 Season.

A SPECIAL WELCOME to you all, especially those of you who have not raced here before. So, what will your weekend involve? Having been entered for races by your club on the main entry form, your team leader, during the main team leaders meeting may adjust your entries so that you all have the chance to take part in mini K2 and mini K4 races. This is particularly important if you come from a small club and are not able to enter a complete crew. This is also the chance to meet new paddling friends from other clubs.

LOOK OUT for the gym and Open Canoe sessions run by BCU Coaches especially for you. There will be a list at the Secretary's Desk where you put down your name to say you will attend. This is to give the coach an idea of how many of you are attending. Never think you know it all. These sessions are designed to reinforce or introduce new activities that you may or may not have the chance to do in your own club. It is also a brilliant time to meet new friends.

IT IS IMPORTANT that you race in the correct group. This is based on your times not your age. You will be promoted or demoted as and when your times change and this will be in consultation with your team leader.

ANY CHANGES to your paddling throughout the weekend must be registered at the Secretary's Desk so that the officials know who is out on the water at any given time.

PLEASE ASK YOUR TEAM LEADER, not your parents, to do this as he/she is officially in charge of this part of the organisation and will be known by the regatta officials at the secretary's desk. They will also sort any problems you incur during your paddling.

PARENTS make sure that paddlers always wear a buoyancy aid and your club colours on the water.

BE AWARE OF YOUR RACE TIMES. This is when you should be up at the start. Make sure you allow plenty of time for sorting out your Lightning, Hody and Rocket kayaks and also paddling up to the start.

FIND OUT general information about the weekend at the Secretary's Desk where you will also be able to buy a programme and a BCU Canoe Sprint and Marathon Racing Handbook 2010. The handbook will tell you everything you need to know about your sport and pages 20 and 21 will give you all the details about this Minisprint Series.

IF YOUR CLUB OWNS A mini HODY K2 WOULD YOU PLEASE BRING IT TO THE REGATTA FOR YOUR PADDLERS TO USE. WE DO HAVE SIX THAT WILL BE AVAILABLE FOR USE BUT THIS IS NOT ENOUGH FOR EVEN ONE HEAT.

- We really hope that you gain from the aims of the series:
- To become familiar with all that the venue has to offer.
- To develop the experience of competition sprinting.
- To develop teamwork with paddlers of your own abilities and ages.
- To become motivated to achieve and progress into the main classes.
- To meet and make friends with paddlers from other clubs.
- To enjoy and have fun while becoming confident, proficient paddlers.

BCU Rule 26 - Paddling on the Course

In races up to 1000 metres, competitors must keep the whole of their boat within the four-meter wide central area of their lane from the start to the finish of the course. Upon any deviation, the boat must go back immediately to this central area of the lane. No boat must come nearer than five meters in any direction to the boat of another competitor - that is, gunwale to gunwale or bow to stern.

If a boat leaves the centre of the lane and does not return to it, the boat may be disqualified from the event.

A boat which leaves its allocated lane, must be disqualified from the event.

If a race is declared null and void, no change of the composition of a crew permitted at the new start.

If there is a capsized competitor or crew is eliminated from the race.

The Umpire has the right to interrupt a correctly started race if unforeseen hindrances arise. The course umpires with a red flag and sound signal may effect such an interruption. Competitors must immediately stop paddling and await further instructions.

If a paddle is broken a competitor may not be provided with a new one by a supporter.

BCU Rule 27 - Pacing and wash riding

Taking pace or receiving assistance from boats not in the race or by any other means is not permitted.

When a race is in progress crews not taking part in the race are strictly forbidden to proceed over the whole or part of the course, even outside the marking buoys.

BCU Rule 28 - Competitions on Long Distances

Races of more than 1000 meters distance.

In races of more than 1000m competitors may deviate from their lane, providing they do not impede other competitors.

When a race is run on a course with turning points, these shall be passed to port (ie in an anti-clock wise direction).

A competitor will not be disqualified for touching a turning point buoy, unless, in the opinion of the Turning Point Umpires, an advantage has been gained there from. In making a turn, the boat shall follow as closely as possible the course as marked by the buoys at the turning point.

If there is a capsized competitor or crew is eliminated from the race if he/she or they are not able to get in the boat without outside help.

Any competitor who is responsible for a collision of who damages the canoe or kayak or paddle of another can be disqualified and can be required to pay damages.

Team Leaders - This nominated representative will be responsible for all the money owed for the entries he submits. This money must be paid by 4:00pm on Saturday. Failure to pay on time will incur a £20 surcharge that must be paid by the end of racing on Saturday. Failure to meet this deadline will result in all paddlers from that club being disqualified from Sunday's racing.

FINAL**RACE 144 No Race****2010 Dates:**

*BCU Inter-Club MacGregor Paddle 3 & 4 July,
BCU National Championships & Inter-Services 4 & 5 Sept*

Sunday - Timetable

All boats shall proceed to the start SLOWLY alongside Lane 1, down the course and past the Start Line point. There have been some changes to the ICF for the start, as follows:-

"Competitors shall be on the water at the starting area not less than five minutes prior to the specified time of their race. The starting area is defined as being the area of water within 100 metres before the starting line. Two minutes before the defined starting time the competing boats have to take the lane determined in the programme"

In essence this means be at the start in good time, do not paddle too far away, stay within reach of the blue buoys (100 metre line), and get yourself lined up behind the correct lane. Listen for your race number to be called and remember that Regatta Time is shown on the TOD Clock (on the bank next to the start hut). If a paddler misses their start slot they may not be allowed to race. THE STARTERS WILL NOT WAIT.

All boats shall proceed to the start SLOWLY alongside Lane 1, down the course and past the Start Line point. There have some been some changes to the ICF for the start, as follows:-

"Competitors shall be on the water at the starting area not less than five minutes prior to the specified time of their race. The starting area is defined as being the area of water within 100 metres before the starting line. Two minutes before the defined starting time the competing boats have to take the lane determined in the programme"

In essence this means be at the start in good time, do not paddle too far away, stay within reach of the blue buoys (100 metre line), and get yourself lined up behind the correct lane. Listen for your race number to be called and remember that Regatta Time is shown on the TOD Clock (on the bank next to the start hut). If a paddler misses their start slot they may not be allowed to race. THE STARTERS WILL NOT WAIT.

2010 Dates:

*BCU Inter-Club MacGregor Paddle 3 & 4 July,
 BCU National Championships & Inter-Services 4 & 5 Sept*
